ENCLOSURE MODIFICATION

With the unmatched automation capabilities of our two Enclosure Modification Centers and extensive inventory, Standard Electric can meet the demands of your unique application.

ONSITE TRADE SHOW

Standard Electric's Show on the Road! By bringing the Trade Show to your business, we eliminate the time lost out of office and cost of travel to an off-site trade show.

TRAINING & SEMINARS

Standard Electric's engineering team is well aware of our industry's ever-evolving learning curve. That's why we offer numerous training opportunities to keep our customers as up-to-date on new technologies as our engineers themselves.
